

TECHNICAL DATA SHEET

BOWLBRITE LIQUID

TOILET BOWL AND URINAL CLEANER

DESCRIPTION:

BOWLBRITE LIQUID is an acid cleaner suitably formulated to remove stain and deposits from sanitary ware by chemical action without being deleterious to the surfaces to which it is applied.

USES:

BOWLBRITE LIQUID is recommended for cleaning urine and hard water deposits; rust stains etc. from stainless steel and glazed porcelain (glazed ceramic) sanitary ware.

RECOMMENDATIONS:

Use undiluted on heavy deposits of scale. Rinse off after 5 to 10 minutes contact time.

Maintenance cleaning dilute 1 to 10 with water.

Toilet bowls – Add 25 to 50ml into bowl. If possible, allow to remain as long as possible; brush well before flushing.

REMARKS:

When in contact with skin or other surfaces, rinse off immediately with ample cold tap water.
