

TECHNICAL DATA SHEET

MULTI PURPOSE CLEANER

DESCRIPTION:

Red general purpose water based liquid cleaner type, formulated to remove contaminants such as oil, grease and other soils encountered in workshops, auto valet, hospital, janitorial areas.

USES:

For the general cleaning of painted and unpainted surfaces soiled with grease, oil, fat and other soils on internal combustion engines, polyvinyl seat covers, head lining ceilings, walls, floors, panelyte, road transport tarpaulins and trucks.

METHOD OF APPLICATION:

MULTI PURPOSE CLEANER as a diluted or undiluted cleaning compound is suitable for application by brush, spraying, mopping or immersion and is safe to use in auto scrubbers pre-loaded with de-foam.

WORKING CONCENTRATIONS:

Light duty cleaning : 100ML to 1L of water.

Medium duty cleaning : 200ml to 10L of water.

Heavy duty cleaning : 400ml to 10L of water.

MULTI PURPOSE CLEANER is used in first application.

CAUTION:

Avoid prolonged contact with skin.

If splashed in eyes, flush with copious amounts of water.
